

BHARAT LALAM

Visakhapatnam, Andhra Pradesh, India bharatlalam1@gmail.com

SUMMARY

I am currently pursuing a B.Tech in Computer Science and Engineering at Gayatri Vidya Parishad College of Engineering (Autonomous), Visakhapatnam. I am passionate about technology and consistently seek opportunities to learn and innovate. I enjoy solving challenges, improving my technical skills, and adapting to the ever-evolving tech landscape.

CAREER OBJECTIVE

To secure a good position at a reputed organization that encourages professional growth and provides a dynamic, challenging environment. I aim to apply my skills, learn from experienced professionals, and contribute meaningfully to the field of technology.

EDUCATION

B.Tech – Computer Science and Engineering

Gayatri Vidya Parishad College of Engineering, Visakhapatnam 2023
– 2027 | CGPA: **8.87**

Intermediate (MPC)

Tirumala Junior College, Visakhapatnam
2021 – 2023 | Percentage: **96.4%**

SSC

Little Angels School, Ukkunagaram Percentage:
92%

EXPERIENCE

Computer Society of India (CSI) – Member

February 2025 – Present

- Participated in discussions and events focused on emerging tech trends.

Data Intern (Alteryx) – EduSkills Foundation

October 2024 – December 2024

- Gained hands-on experience with Alteryx for data processing and workflow design.

ANDROID DEVELOPER – EduSkills Foundation

MAY 2025 – JULY 2025

- Gained hands-on experience with android development and developed an app

Machine Learning Intern – Future Interns Foundation

March 2025 – April 2025

- Implemented foundational machine learning concepts and explored practical use cases.

YES Club – Member (Youth Enlightening the Society)

February 2025 – Present

- Improved leadership and communication skills through community engagement

SKILLS

Programming Languages: C, C++, Java, Python

Web Technologies: HTML, CSS, JavaScript

Frameworks & Libraries: NumPy, Pandas

Databases: SQL, MySQL, PL/SQL, DBMS

Data Structures: Arrays, Linked Lists, Trees, Graphs

Tools & Platforms: GitHub, Linux, MS Office (Word, Excel, PowerPoint), Adobe Tools

PROJECTS

- **Smart Parking System Website**

A web-based application that allows users to search for available parking spots nearby or in a place they plan to visit. Local vendors can list their parking spaces on the platform, making it easier for drivers to find convenient parking and for vendors to manage bookings.

- **Integrated Reactor Management System**

A collaborative web-based platform designed to enhance safety in pharmaceutical companies by monitoring reactor conditions in real-time. The system helps in early detection of anomalies, reducing the risk of reactor blasts through timely alerts and data-driven decision-making.

- **SMART MALL NAVIGATOR**

A collaborative web-based platform designed to navigate every section in mall from present location and also categorizing availability of products and sections which makes users to go to wanted place without wasting time and searching

- **Basic portfolio websites**

A responsive personal Portfolio showcasing Skills, Education and Projects

CERTIFICATIONS

- **Python Basics for Data Science : From edx**
- **Python Programming : From Infosys Springboard.**
- **C++ Programming : Basic Skills : From edx**
- **C Programming - From Infosys Springboard.**
- **IEEE HACKTHON PARTICIPATION**
- **DSA USING JAVA – DATA FLAIR**
- **SQL CERTIFICATION – HACKERRANK**
- **C CERTIFICATION – CISCO**
- **AWS WORKSHOP – APSCHE**
- **GAME DESIGNING USING BUIDBOX – APSCHE**
- **MSWORD,EXCEL,POWERPOINT – GURUKRUPA SOLUTIONS**

EXTRA-CURRICULAR ACTIVITIES

- **YES CLUB : Student Volunteer**
- **ROTRACT : Student Volunteer**
